## Micro Pearls® Advantage (MPA) Shampoos

MPA shampoos are designed to deliver lasting moisturizing protection and results. The secret is in the sustained release technology of our Novasome® microvesicles. This proprietary technology, available exclusively in MPA products, utilizes a liposome-based formula created from surfactants instead of traditional phospholipids to encapsulate moisture and achieve a hydrating effect. Research shows that these microvesicles outperform even the most sophisticated emulsion systems.\*

Name	Ingredients	Action	Skin Condition Guide*								Species	Flea/Tick Treatment Safe	Fragrance	Sizes		
			Normal	Dry/Itchy	Dry with Flaking	Oily with Flaking	Folliculitis	Oily with Flaking Bacteria and Yeast	Yeast	Fungus/Ringworm

## Specialty Skin and Grooming Products

## Vet Solutions Otics

### Thiotrol™ Odor-eliminating shampoo and spray for dogs and cats

Specially formulated to neutralize, not just mask, odors from skunk spray, urine, feces and anal glands.

### Lime Sulfur Dip For dogs, puppies, cats and kittens

97.8% Lime Sulfur concentrate that may be applied as a rinse or dip for the treatment of sarcoptic mange and fungal pathogens.

### Clotrimazole Solution Antifungal drops and spray for dogs and cats

1% Clotrimazole formula is effective against *Malassezia pachydermatitis* and *Microsporum canis*.

### Chlorhexidine Solution Broad spectrum antimicrobial for instruments, dogs and cats

2% Chlorhexidine Gluconate is often used diluted as an antiseptic flush for wounds and abscesses and is also a highly effective instrument disinfectant and surface cleaner.

### Allerspray™ Antiseptic, analgesic spray for dogs

Delivers temporary relief of pain and itching from flea and insect bites, allergies, hot spots and other minor irritations while moisturizing skin with a soothing lanolin and aloe base.

### Groom Aid® Fragranced grooming spray for dogs and cats

Contains absorbable lanolin to add luster and sheen while keeping coats tangle-free.

### Ear Cleansing Solution Comprehensive formulation for dogs and cats

Non-medicated cleanser dries, acidifies and deodorizes external ear canal; aloe-containing formula is gentle enough for routine use.

### Swimmer's Ear Astringent Drying gel for dogs and cats

Fast evaporating antiseptic formula helps maintain a moisture-free environment. Ideal for hunting dogs.

### Cerumene™ Safe ear cleaning liquid for dogs and cats

Effective ear cleaner penetrates wax barriers and cleans out debris with a gentle formulation that's safer than saline and can even be used in cases with ruptured tympanic membranes.\*\*

### Cerumite® 3X Ear mite control for dogs, puppies, cats and kittens

Gentle, free-flowing and non-irritating 0.15% pyrethrin formulation effectively manages ear mites with convenient once-weekly treatment.
